

**Music Lesson Matrix (Year 6)**  
**Students to complete at least 2 activities per week**

<p><b><u>Singing</u></b>          Watch a lyric video on 'YouTube' or choose a song from a CD. Learn the lyrics and melody of the song.</p>	<p><b><u>Create a Dance Routine</u></b>          Choose a song of your choice and create your own dance movements that connect with the music or the words of the song.</p>	<p><b><u>Mindfulness &amp; Music</u></b>          Listen to a piece of music and draw or paint a picture to connect with what you hear.</p>	<p><b><u>Meaning of a Song</u></b>          Listen to a song and record the meaning of the words. List any interesting words in the song.</p>
<p><b><u>Just Dance</u></b>          Complete the 'Just Dance' routine to 'That Power' by following the guided dance video.   <a href="https://www.youtube.com/watch?v=O4i897RPrWg">https://www.youtube.com/watch?v=O4i897RPrWg</a></p>	<p><b><u>Research Task</u></b>          Choose from the following instrument examples and research how they work to produce a sound.          -Trombone          -Saxophone          -Violin</p>	<p><b><u>Interactive Music Apps</u></b>          Music apps are an interactive way to explore music.   <b><i>Suggestions:</i></b>          -GarageBand app          -Acapella app          -Dubstep app</p>	<p><b><u>Play an instrument</u></b>          Spend some time practising the recorder, piano, ukulele or guitar if these instruments are available at home (<b><i>this is an optional task.</i></b>)</p>

**Music Project – Soundtrap (This task to be completed over several days).**

Soundtrap is an online electronic music making environment.

1. Search Soundtrap online [www.soundtrap.com](http://www.soundtrap.com)
2. Enter as a student using your educational google account with your own username;  
[username@schools.vic.edu.au](mailto:username@schools.vic.edu.au)

**Task:** Compose your own piece of music by blending multiple instrument sounds. Create your own musical ideas by using the virtual keyboard.
