

Digitech Lesson Activities (Grade 3&4)

Media Response

Here is video on Digital Technologies
<https://www.youtube.com/watch?v=CrL8lqJkvAE> What are 2 subjects of the technologies curriculum called?

What does the word 'technology' mean to you?

Do you have a favourite piece of technology? Why?

Technology Poster

Create a poster about 2 things. Things that are great about technology? For example, you can learn information from YouTube and Google. And things that are not so good about technology? For example, kids can spend too long looking at a screen and not playing outside

Google Challenge

Can you find your own home on Google Maps using your address?

How do you think Google does this?
How can they see everyone's house?

Media Literacy

[Here](#) is a great website with free story books for you to watch and listen to. Pick a story, sit back, relax and enjoy media literacy.

How do you think they create the animation for these videos? Is it hand drawn? Done on a computer? Something else?

Remember Kids

There are lots of great app and website suggestions listed on the school website, you can find them here <https://www.lyndhurstps.vic.edu.au/general-resources>.
