Inquiry Project

Draw a street map of the suburb that you live in and include some Aboriginal symbols (see the example)

Task A

Before you begin, walk around your suburb with paper and a pencil. Jot down some important landmarks like schools, wetlands, parks and shops.

Draw up a Street Map

Pull out a double sheet from the middle of your scrapbook to create your map.

Task B

Use black text or a pencil to draw your map

Include the following on your map

- Coordinates of a compass
- Street names/places (can be changed)
- Special features like: parks, wetlands, schools, bike tracks and shops
- Aboriginal Symbol key

You can **use your imagination** to add landmarks like trees, wildlife and waterways. You can add markers like a meeting place or emu tracks/nesting sight.

Where possible use Aboriginal Symbols to show these features on the map: see link to Aboriginal Symbols [Aboriginal Symbols](#) or use Aboriginal symbol cards (see attached)

Take a photograph and upload to Google Classroom.
