

Digitech Lesson Activities (Grade 3&4)

Media Response

Here is this week's episode of BTN
<https://www.abc.net.au/btn/classroom/20200519-ep13-btn/12249286>

Your question is? How has technology helped people during this period of home learning?

What have been some of your struggles with technology during this period?

Devices in the year 2050

What do you think computers and phones will look like, 30 years from now – in the year 2050

Write a list of all the things you think a personal device will be able to do for people. Eg Instead of Google Maps, maybe there will be a Google Space? Will It cook food for you? Can it scan you for your heart rate?

WebQuest Challenge

Can you find out the history of your school, Lydhurst Primary school by researching on the internet?

Things like, when did the school open, how many students do we have? What is our school phone number?

Media Literacy

[Here](#) is a great website with free story books for you to watch and listen to. Pick a story, sit back, relax and enjoy media literacy.

How do you think they create the animation for these videos? Is it hand drawn? Done on a computer? Something else?

Remember Kids

There are lots of great app and website suggestions listed on the school website, you can find them here <https://www.lyndhurstps.vic.edu.au/general-resources>.
