

Daily Schedule - Friday 9th October

You got this

Focus children:

9.30am Class Zoom Session

Reading

If you did not finish your reading group task from yesterday, you must finish it in your digital readers notebook. Make sure to check your digital readers notebook weekly for your teacher feedback!

If you have finished your reading and task from yesterday, you must complete 30 mins of read to self.

Reading options:

1. Read a book you have in your home collection
2. Read articles from [Kids News](#)
3. Read a book from [Epic](#)

The **more** that you read, the **more** things you will know. The **more** that you learn, the **more** places you'll go.

Dr. Seuss

Remember after read to self you should also record your **thinking about your reading** in your digital Reader's Notebook.

Your thinking about your reading could be:

- A summary of what you read
- Thin and thick questions
- A list of connections you made and the types (T2S, T2T, T2W)
- A prediction you made, why you thought it and whether it was true or false
- A word study (finding out the meaning of unknown words)

Optional Learning Platforms:

- [Freerice](#)
- [Lexia](#) or [PowerUp](#)

Teacher's email for Lexia: lyndhurst.ps@edumail.vic.gov.au

Maths

Practise your number fluency skills using Sunset Maths in Essential Assessment.

Learning Intention

We are learning to identify and describe chance and probability

Rock - Paper - Scissors!

You have a 1 in 3 chance of winning but it is dependent on someone else!!

Before you begin have a **think about the following questions**; maybe write your answers down in your books to see if your answers matched to what actually happened when you play along;

What are the chances of you choosing the same hand gesture as Mr Flanagan?

Which hand gesture (rock - paper - scissors) is the best to win?

How many rounds do you think you will win?

Watch this [video](#) of Mr Flanagan & 4A playing a Rock - Paper - Scissors! Join in and follow along with this game. Record how many times you matched, won or lost against Mr Flanagan and think about a reason to your results?

Extra: Coin Toss

If you were to toss two coins at the same time; what are the **possible** outcomes and how many **total** outcomes are there?

Complete the Chance revision worksheet attached in materials.

Snack

Today we are continuing our experiment from yesterday!

Now that you have had a go with some of the ideas from Mrs Vorster, It is time for you to consider some other ways to improve on your paper boat?

I wonder what creative ideas you can come up with to make your boat hold even more money!

Try different ways or methods for your boat to carry as much money before it sinks.

Finish the sheet that was sent to you on Google Classroom yesterday and submit it to your teacher! Feel free to submit any photos or videos you have of your experiments!

Lunch

Wellbeing

- Mindfulness activity
- Family walk
- Craft or creation
- Cosmic Yoga
- Exercise
