

Year 6 Matrix – Term 2 Week 6

***** Any work that does not ask you to save to google docs should be competed in your home learning book with the date and title *****

	8.30-9am Physical activity	9-10am Literacy - Reading	10-11am Literacy - Writing	11-11.30am Snack time	11.30am-12.30pm Inquiry	12.30-1pm Lunch time	1.30-2.30pm Maths	2.30-3.30pm Specialists
Monday	<p>Follow the Health and PE matrix.</p> 	<p>Log on and complete 15 minutes of Lexia. Record what you were working on today in your home learning book. Remember to include the date and title.</p> <p>Read the text called “Animal defences” record any new or interesting vocab in the back of your home learning book in the vocab section.</p> <p>Open the “animal defences worksheet” and draw up a venn diagram into our home learning book just like the one on the worksheet.</p> <p>Complete the activity into your home learning book.</p>	<p>Word Focus: Onomatopoeia https://study.com/academy/lesson/onomatopoeia-in-literature-definition-examples-quiz.html</p> <p>Watch the short video which explains Onomatopoeia. (Don’t worry if the video cuts off before the end, just watch the amount it lets you)</p> <p>A poem by Edgar Allen Poe is given as an example. Your task today is to see if you can find another Poem that shows good use of Onomatopoeia. Google Yourself or try out the following websites which will help you.... https://examples.yourdictionary.com/examples-of-onomatopoeia-for-kids.html https://childrens-books.lovetoknow.com/Onomatopoeia_Poems_for_Children</p> <p>Share the title of a poem you found that you liked the best with examples of the Onomatopoeia used on your class Google Stream. Your teacher will have a post</p>	<p>Relax and enjoy your snack!</p> 	<p>Revision Week</p> <p>Pollution - Air/Land/Water</p> <p>Using the Ducksters Educational Website: https://www.ducksters.com/science/earth_science/ Choose to research either Land, Water or Air Pollution. Found under the sub topic: Environmental Issues.</p> <p>Make some notes in your at home workbook as to some of the causes and effects.</p> <p>In the provided template, create a Cause and effect Chain on the topic you Choose.</p> <ul style="list-style-type: none"> - Use notes from the reading - Technical terms - Own Schema - Summarise your work 	<p>Relax and enjoy your lunch!</p> 	<p>Spend 20 minutes on Prodigy or Studyladder, do some revision of your times tables.</p> <p>Look at this video recapping the lattice strategy that you did in grade 5. https://www.youtube.com/watch?v=Z3T_NhFlpB0</p> <p>If you can’t remember that’s ok.</p> <p>Try using the lattice strategy to work out these in your home learning book. If you can’t figure out the lattice strategy use long multiplication.</p> <p>26x19= 35x16= 37x22=</p> <p>If these are too easy challenge yourself and roll your dice and make two three digit numbers to multiply.</p>	<p>Complete an activity from one of the Specialist matrices.</p> 

			<p>section specifically for sharing.</p>					
<p>Tuesday</p>		<p>Read to self for 20 minutes.</p> <p>Draw 2 frayer model templates into your home learning book. Choose 2 interesting words from yesterday's text and complete a frayer model for each word. Remember to add the date and title to your work.</p>	<p>Super Stories: Verbs and Adverbs Task</p> <p>Go to the website below and click on the pink VIEW button at the bottom of the picture to begin the task.</p> <p>You will go through a series of tasks to add in new verbs, adverbs and illustrations to improve the story.</p> <p>At the end, you can view your report and see how you went! You can either print your report and paste into your home learning book or if you cannot print, you can screen shot your results and paste into a word document and email to your teacher.</p> <p>https://fuse.education.vic.gov.au/Resource/LandingPage?ObjectId=ca30ee3b-d6ef-48be-a97e-756cfd070c47&SearchScope=All</p> <p>If for some reason the website doesn't work for you (you need to have flash player installed) then I want you to complete the Adjectives and Adverbs worksheet which will be in your class Home Learning week 6 writing folder. Complete the sheet in your home learning book.</p>		<p><u>Revision Week</u></p> <p>Animal Adaptations</p> <p>Using the Ducksters Educational Website:</p> <p>https://www.ducksters.com/animals.php</p> <p>Choose an animal from the list provided to research.</p> <p>Answer the following in your at Home Workbook:</p> <ol style="list-style-type: none"> 1. What Habitat does my animal live in? 2. List 5 adaptations they have to survive in this Habitat? You may need to use your own schema to infer from your reading. <p>On a blank sheet of paper make a picture of your animal in its Habitat.</p> <p>Using Text features (Text boxes and bullet points), Label your picture pointing out your animals 5 adaptations.</p>		<p>Spend 20 minutes on Prodigy or Studyladder, do some revision of your division tables.</p> <p>Watch this video to recap angles.</p> <p>https://www.youtube.com/watch?v=9RTM418qfdI</p> <p>Look around your house and find some examples of acute angles, right angles and obtuse angles. Write these in your home learning book.</p>	

					<p>Make sure your picture has a Title with the name of your animal and it's habitat</p>			
<p>Wednesday</p>		<p>Log on and complete 15 minutes of Lexia. Record what you were working on today in your home learning book. Remember to include the date and title.</p> <p>Personal Inquiry - Choose an article from kids news, BTN or find your own website about a topic of interest.</p> <p>Research your topic and copy the main idea template into your home learning book. Add your research to the template to complete your personal inquiry.</p>	<p>Verb past tense....</p> <p>Watch the following videos which will introduce Past tense concept. One video is short and simple, the other a little more complicated. Have a go at watching both.</p> <p>https://www.khanacademy.org/humanities/grammar/parts-of-speech-the-verb/the-tenses/v/the-past-tense-verbs-the-parts-of-speech (Simple)\</p> <p>https://www.youtube.com/watch?v=xLA58CSIf3M (more difficult)</p> <p>Then complete the Verb Past Tense worksheet in your Home Learning book. The worksheet is in your Home Learning folder on Google Classroom.</p>		<p><u>Revision Week</u></p> <p>Plant Adaptations</p> <p>Scavenger Hunt:</p> <p>Find plants or trees with the following adaptations around your house and neighbourhood. Take a picture of each. You may only use each plant once. Pictures may then be inserted into the word document template for this activity.</p> <p>Use the Identifying Plants terminology sheet if unsure of terms.</p> <ol style="list-style-type: none"> 1. A plant with opposite leaves or branches. 2. A plant with thorns. 3. A plant with parallel veins 4. A plant with Alternate leaves or branches. 5. A plant with compound leaves. 6. A plant with palmate-shaped leaves. 		<p>Spend 20 minutes on Prodigy or Studyladder, do some revision of your division tables.</p> <p>using your dice roll three pairs of three digit numbers and work out the answers using the lattice strategy and long multiplication. Do the answers match??</p>	

<p>Thursday</p>		<p>Read to self for 20 minutes.</p> <p>Watch the BTN called "Space future" https://www.abc.net.au/btn/classroom/space-future/11314118</p> <p>In your own words, write a summary of the video including all the main points and useful information.</p>	<p>Metaphors</p> <p>Watch the following video which will describe metaphors for you https://www.youtube.com/watch?v=JPEmbt8Qoy0</p> <p>Have a go at working through this activity Metaphor: Dream Machine https://fuse.education.vic.gov.au/Resource/LandingPage?ObjectId=679391a7-be62-44d8-a21a-51d91d63c340&SearchScope=All</p> <p>If that website doesn't work for you, please try and find 6-10 different metaphors using your current book you are reading or by researching for some using google and share one of them on your google stream in the section your teacher sets out for you.</p> <p>Write your metaphors in your home learning book please.</p>	<p>Revision Week</p> <p>Solar System</p> <p>Using Duckster Educational Website: https://www.ducksters.com/science/solarsystem.php</p> <p>Research any of the links on this page.</p> <p>Using cue cards made at home by cutting a sheet of paper into 8ths. or use the template provided.</p> <p>Find 12 Technical words used on this topic.</p> <p>Write the word on one side of your card and the definition on the opposite side. Repeat until you have completed your 12 cards.</p> <p>Using your dice and your "Pirates Waters" Game board. Play a game with a friend or family member. Each player must draw one of the cards and read the definition. If they can guess the word they may roll and move their piece. Take turns until someone finishes the game. Once all cards have been used. Shuffle and repeat or make additional cards.</p>		<p>Spend 20 minutes on Prodigy or Studyladder, do some revision of your division tables.</p> <p>Remember what you learned about angles on Tuesday. Play this fun game to see if you can figure out where the angles would be.</p> <p>Alien Angles</p> <p>What did you learn from this game? Write it in your home learning book.</p>
